THE REALITY FOR NEWLY INCORPORATED STARTUPS

## You incorporated. Now 11 deadlines are already running — and most founders don't know it.

### INC-20A — Due in 180 Days

Mandatory filing from Day 1. Miss it: ₹50,000 penalty + ₹1,000/day per director. Most founders learn about it from a notice.

### Zero Financial Visibility

P&L lives in Tally. Cash position is a guess. Revenue, expenses, and runway are always approximate — never real-time.

### CA on WhatsApp

No structured review. No archive. No visibility into what's filed, what's pending, what's next — until a penalty notice arrives.

THE STAXOPS ANNUAL OFFER — EXCLUSIVE, UNMATCHED IN INDIA

## One subscription. Software + Legal Services. Both on us.

Subscribe to StaxOps annually — your full-year legal services are included at no extra cost. Or pay for legal services — and StaxOps is free. Same deal, your choice. No competitor bundles these two. Not Tally. Not Zoho. Not any compliance tool in India.

## STAXOPS PLATFORM — WHAT YOU GET

### Complete Business OS

- Live Finance Dashboard — P&L, cash runway, expenses

## SEE IT LIVE — REAL SCREENS, REAL DATA

# This is what your dashboard looks like from Day 1.

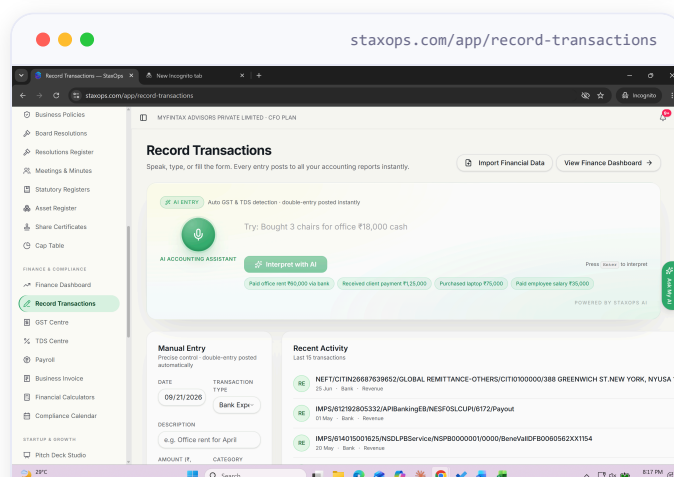

### Founder Intelligence — Command Centre

Critical alerts, upcoming deadlines, cash position, collections due, compliance status — everything on one screen, reconciled in real time.

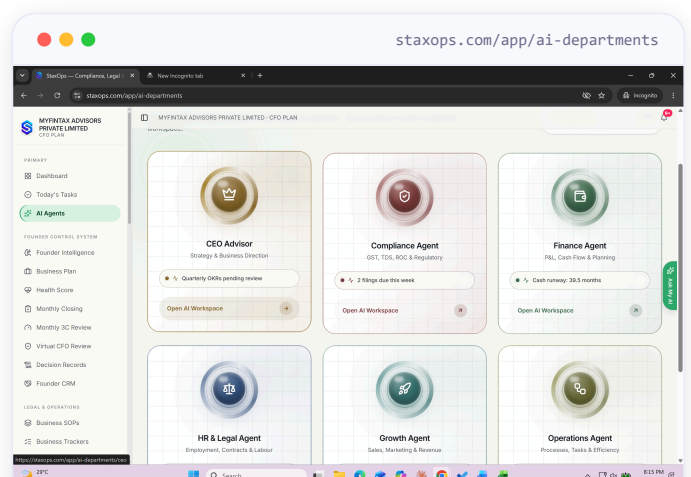

### Monthly 3C Review — Cashflow · Compliance · Consistency

CA-verified monthly review. Every metric scored, flagged, and resolved — with a permanent archive for investor due diligence.

### AI Accounting — Speak, Type, or Fill

Say "Bought 3 chairs for office ₹18,000 cash" — AI detects GST, TDS, posts double-entry instantly. No accountant needed for daily recording.

### 6 AI Advisors — Always On, Always Contextual

CEO Advisor, Compliance Agent, Finance Agent, HR & Legal, Growth Agent, Operations Agent — each briefed on your live company data.

Built by the team founders already trust.
